PROFESSIONAL SUMMARY

Software Developer building scalable, production-grade web systems using Python, JavaScript, and PostgreSQL, focused on performance optimization, system integrations, and business impact.

EXPERIENCE

- Odoo** July 2025 – Present
Software Developer Gandhinagar, Gujarat
 - Delivered 20+ production-grade ERP features across invoicing and accounting modules using Python, Odoo ORM, PostgreSQL, and API integrations, following Agile/Scrum practices.
 - Refactored core business logic and data models to improve system architecture, reduce code complexity, and enhance long-term maintainability across multiple modules.
 - Designed and executed PostgreSQL database migration scripts, ensuring data integrity, backward compatibility, and smooth version upgrades.
- Odoo** Jan 2025 – July 2025
Software Developer Intern Gandhinagar, Gujarat
 - Learned end-to-end ERP workflows and contributed to feature development and improvements.
 - Debugged and resolved 30+ production issues using log analysis, SQL queries, and Python debugging, reducing recurring defects and improving system stability.
- VMukti** Apr 2023 – Jun 2023
Intern Ahmedabad, Gujarat
 - Researched industrial machinery, robotic systems, and automation for CCTV camera production. and developed a concise automation plan, collaborating with teams to adopt new technologies, boosting manufacturing efficiency.

TECHNICAL SKILLS

Languages: Python, JavaScript, SQL, C++, C, HTML/CSS, XML

Technologies/Frameworks: Odoo, React.js, Node.js, Express.js, FastAPI, Tailwind CSS, WebSocket, Git, Postman

Database: PostgreSQL, MongoDB, Supabase

Others: OOP, Data Structures & Algorithms, Debugging

PROJECTS

- FINOVERA** | *React.js, Supabase, FastAPI, LLM* March 2025
 - Developed an AI-powered investment platform with real-time financial API integration for live stock data and market news. Implemented secure portfolio management with brokerage account synchronization and CSV import support.
 - Created interactive visualizations for portfolio performance and market analysis. Delivered an AI-driven chatbot to enhance user engagement and regulatory compliance.
- MATCHMAKER** | *React.js, Express, MongoDB, Socket.IO, Node.js* Feb 2024
 - Created a platform to streamline team formation for hackathons, enabling users to find and connect with compatible teammates based on shared goals and interests.
 - Integrated Real-Time Chat Functionality to enable seamless communication between teammates, fostering effective collaboration.

EDUCATION

- Adani Institute of Infrastructure Engineering** Sep 2021 – June 2025
Bachelor in Computer Science and engineering (AI-ML) - CGPA :8.76 Ahmedabad, Gujarat
- Arpan International School** June 2020 – March 2021
Grade XII (90.15 %) Ahmedabad, Gujarat

ACHIEVEMENTS & LEADERSHIP

- Winner of Postman Track at **HackThisFall 3.0**, Karnavati University (Feb 6, 2024)
- Top 5 Finalist at **HACKNUTHON 2023**, Nirma University (April 30, 2023)
- Top 5 at **AU-IQM HACKATHON 2022**, Adani University (November 13, 2022)
- Solved 300 Questions on **LeetCode Profile**
- Secretary**, ACM Student Chapter (Mar 2023 – Oct 2024)
- Graphic Designer Head**, Adani Student Programming & Development Club (Apr 2023 – Oct 2024)
